# Letter from the CEO to the Board of Retirement

---

Members of the Board of Retirement,

It is my pleasure to present the approved 2021 budget. This past year was spent navigating our way through uncertain and unprecedented times caused by the COVID-19 pandemic—a threatening virus that has destabilized working environments and changed the way people, organizations, and communities exist. The required restrictions to organizational life have forced ACERA staff to quickly adopt different ways of working, learning, and connecting with each other. To ensure the safety of members, employees, and families, the office was closed to members and to the public, and staff focus was redirected to adapting work processes to accommodate new work arrangements that enabled staff to work from the safety of their homes. For the employees remaining on site, County-mandated workplace readiness and protection protocol directives were implemented to create social distance and sanitary procedures to protect the few employees who, due to the nature of their work, duties, or responsibilities remained in the office.

Out of necessity, the focus this year has been on maintaining the delivery of essential services. Staff continued to process retirements and to make retirement and benefit payments on schedule. In adapting to this novel situation, staff resumed many of the projects that were suspended during the initial months of the pandemic, such as the redesign of the website.

The approved 2021 budget has been predicated on priorities determined as necessary to carry out ACERA's mission. These priorities are to continue developing a culture and infrastructure of accountability and cost effectiveness, to make for a more transparent organization moving forward. Additionally, we will leverage technology to introduce new service models and enhance service effectiveness that will continue building an organization focused on its core values and a vision of exceeding customer expectations, of engaging team members, and of developing supportive leadership. To that end, we look forward to finalizing this budget with the Board.

## KEY 2020 ACCOMPLISHMENTS

**Organization-Wide Initiatives** | Touching all departments across the organization, ACERA continued the Pension Administration System (PAS) upgrade project. Working with the project oversight consultant and the in-house project manager, staff completed the first deliverable of the design in Pension Gold Version 3 and initiated the training plan for user acceptance training scheduled for the fourth quarter of 2020. The project has and will require an ongoing commitment and availability of cross-departmental staff resources. ACERA has reduced the volume of other project work to successfully deliver the targeted completion date of the project in 2023.

**Benefit Initiatives** | Redesigned and relaunched ACERA's website using a contemporary, responsive design, and produced virtual seminar and instructional videos. Developed an online retirement packet and a walkthrough, counseling intake form, and post-counseling electronic survey. Implemented phone and video retirement counseling appointments. Upgraded the member portal to enable the secure transfer of forms and documents containing personal information. Implemented a virtual call center to enable staff to continue member counseling services from

a home-based call center. Initiated various optimization projects including creation of automated departmental and interdepartmental workflows, counseling process optimization, revision of service retirement application and tracking process, and disability process optimization.

**Fiscal Services Initiatives** | Department has been instrumental in keeping retirement and benefit payments flowing during the pandemic, and has focused on supporting interdepartmental services and processes. Formalized an in-house process excellence program.

**Human Resources Initiatives** | Department has been instrumental in ensuring remote work needs were met. Provided essential leadership and interface communication between County emergency operations and ACERA's senior leadership to ensure compliance with public health and disaster protocol and other procedures during the pandemic.

**Internal Audit Initiatives** | Completed a Retiree Payroll Deduction Policy audit to guide the administration of pension benefits. Created an approved benefits listing to eliminate the assignment of benefits for any purpose other than a valid requirement. Determined processes for deductions made from retiree's checks that ensured consistency with policy.

**Investment Initiatives** | Completed an investment department optimization project using Lean methodology to streamline various processes and redefine the staffing structure of the department. Conducted a Large Cap Value Manager search. Expanded the Emerging Managers program to include Private Equity, Private Real Estate, and Private Real Assets in addition to the public markets.

**Technology Enhancements** | Implemented migration of ACERA's communications to the cloud with Microsoft Office 365 which includes enhanced collaboration features; initiated project to migrate storage to cloud backup; initiated a project to employ Granicus cloud technology to manage Board agendas and minutes; initiated another major upgrade to OnBase, ACERA's document management system; initiated the first phase of an access database replacement project.

**Portfolio Performance** | As of June 30, 2020, the total fund had returned -5.8% (net), year-to-date for 2020, recovering much of the significant decline in value due to the COVID-19 pandemic. The value of the total fund was \$8.2 billion. At one point in March, the value of the total fund was down nearly \$2 billion from its pre-COVID peak of just under \$8.9 billion.

## HIGHLIGHTS OF BUSINESS PLAN

As the pandemic has caused delays in the progress of some initiatives, ACERA is resuming these items and will shift focus toward them throughout the remainder of 2020 and 2021. Initiatives are linked to goals in the strategic plan. As these items are implemented, they will be managed as projects, with an assigned project owner and manager and a approved project plan with timelines, deliverables, and oversight. Initiatives have been prioritized and reduced due to the increased resource needs required to complete the Pension Administration System upgrade project.

Highlights of upcoming business initiatives are:

For the Pension Administration System:

- OnBase Integration
- Benefits and Estimate Setups

- Benefit Payroll
- Employer Reporting Transmittal Design
- Forms and Correspondence Review

Additional projects include:

- Granicus Implementation
- In-House Lean/Process Excellence Function
- On-the-Job Training (OJT) Structure
- CEM Benchmarking
- Strategic Communication Plan
- Enterprise Risk Management
- BERT Replacement, Phase 2
- Benefits Department Optimization, Phase 2

## **BASELINE AND Approved 2021 OPERATING EXPENSE BUDGET (OEB)**

The starting point for the 2021 OEB is a “baseline” that reflects the anticipated costs of carrying out the same level of services approved by the ACERA Board in the 2020 Budget. Staff was required to request and justify additional funds with a formal Budget Change Proposal (BCP) for any item affecting the 2021 baseline and approved 2021 budget. Additional staff positions or changes in salaries for 2021 were requested and justified using a Personnel Change Request (PCR) form. Approvals for changes did not take place without careful review of cost impacts and on-going organizational needs. Reviews were conducted by the Chief Executive Officer, Human Resource Officer (for PCRs), and Fiscal Services Officer before approvals were granted. With the addition of those items, the approved 2021 budget is \$21.4 million. This is \$0.027 million or 0.1% greater than the 2020 approved budget of \$21.4 million. It is also \$0.2 million or 1% greater than the 2021 baseline budget of \$21.2 million.

The reasons for the budget differences will be explained below.

## **Approved 2021 BUDGET HIGHLIGHTS**

This section highlights the approved adjustments to the 2021 approved budget from the 2020 approved budget. A complete review of the differences can be found in Section III.

### **Staffing**

The primary changes in Staffing costs for 2021 are as follows:

The assumption to fill and fund the remaining vacant positions filled by temporary staff in 2020; cost-of-living adjustments, step increases, and an average four percent (4%) performance-driven merit increase for eligible/selected deep-class positions. The total 2021 increase for staffing from the 2020 approved budget is \$0.4 million, or a net increase of 2.2%.

## Staff Development

The primary change in Staff Development costs is a 43.2% decrease compared to the 2020 budget. The decrease is due to a deliberate 70% deferral of travel-related expenses to the contingency budget. This deferral recognizes the likelihood of continued conversion of conference based training and education to on-line or virtual education .

## Professional Fees

The change in Professional Fees for 2021 is a decrease of \$0.09 million, or a net decrease of 7.2%. This reduction is due to expected lower costs in Actuarial, Consultant, and Legal fees.

The senior managers and I look forward to presenting our approved 2021 operating expense budget to the committee and to the Board of Retirement.

Respectfully submitted,

Dave Nelsen  
Chief Executive Officer

# Budget Policies and Process

---

### Budget Policies

ACERA's budget policy, practices, and guidelines are based on the County Employees Retirement Law of 1937 and the ACERA Board of Retirement's Charter.

#### Legal Requirements

The California Constitution and Statute Section 31580.2(a) of the 1937 Act specifies that the Board of Retirement "shall annually adopt a budget covering the entire expense of administration of the retirement system which expense shall be charged against the earning of the retirement fund..."

As applied to ACERA, § 31580.2(a) also imposes a cap on administrative expenses. Administrative expenses incorporate the limits of § 31580.2(a) (1) of the County Employees Act of 1937; whereby, administrative expenses are capped at "Twenty-one hundredths of one percent (0.21%) of accrued actuarial liabilities of the retirement system". Pursuant to the applicable code sections, certain costs are excluded from the expense cap. Excluded costs include those associated with Business Continuity Planning (BCP), the Supplemental Retiree Benefits Reserve (SRBR) used to pay Other Postretirement Benefits (OPEB and non-OPEB), technology, actuarial, and investment-related fees (including banking and legal fees). Excludable expenses also include the pro rata portion of overhead expense attributable to excludable activities.

ACERA prepares the budget on an accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP), a methodology consistent with ACERA's audited financial statements.

#### Budget Amendments

Budget line item amounts may be amended, i.e., reallocated from one department to another or moved between categories at the discretion of the Chief Executive Officer, if such action does not increase the overall approved budget. Conversely, increases to the overall approved budget are only permitted with the approval of the Board of Retirement (the Board). There are two ways in which the budget can be increased: The first way is through committee action and board approval. And the second way is with a contingency budget that is accepted when the budget is put forth for approval during the annual budget cycle. A contingency budget is useful for current unknown expenses that arise from an event such as legislation, or an action by the Board of Supervisors, or a release of new project; where the event may or will occur but the timing is in question.

### Budget Process

ACERA's budget is developed with Adaptive Insights budget software. This flexible budgeting software is a cloud-based program that enables department management and staff to access organizational expense forecasts from any location. It also enables users to view current year actuals, as well as expense forecasts; moreover, users can input and change expense forecast variables to easily prepare "what if" scenarios. These user-friendly features reduce,

and in some cases eliminates, time previously spent converting department provided information into the budget format and circulating the information for review and approval.

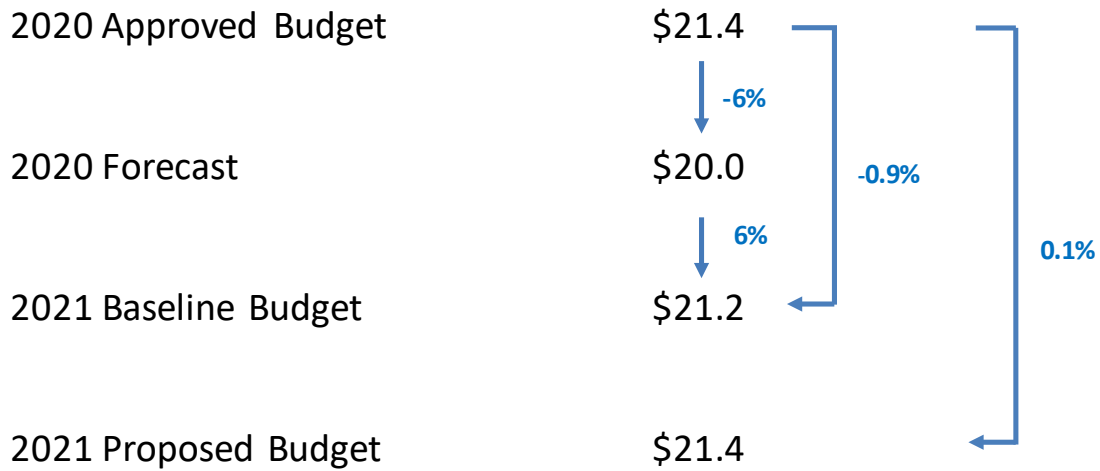

While the Fiscal Services Department Budget Team (budget team) is responsible for the preparation of the budget timeline, ACERA's Senior Leadership Team (SLT) is responsible for establishing business plan initiatives, in detail as to time and cost before the budget process begins, and is responsible for setting budget assumptions for the various expense categories.

It is the responsibility of the budget team to develop the baseline budget once the forecast has been completed. Upon completion of the baseline, department staff and management begin entering information into the budget worksheets. When that step is completed, the budget team prepares the administrative budget based upon SLT prepared time allocations. Throughout the budget preparation process, the budget team now has the ability to monitor the budget progress by using the process tracker and workflows developed in Adaptive Insights. Nevertheless, the budget team continues to be available to meet with department staff and management to answer questions or to strategize the best way to present budget items or develop costs.

Once the approved budget and the administrative budget are complete, the budget team pulls the information from Adaptive through Office Connect into InDesign (the budget publishing software). The budget team is responsible for preparing the variance analyses, updating changes to the budget, and for reviewing the budget document for submission to the Board of Retirement.

The Chief Executive Officer and the Fiscal Services Officer present the approved budget to committee and at a future date to the Board. If committee members request changes to the budget, those changes are made and represented at the discretion of the committee. The Board's feedback is incorporated into the budget for final approval.

# ACERA 2021 Budget Process<sup>1</sup>

1. The starting point for the 2021 proposed expense budget was to develop a “baseline” budget that reflected the anticipated costs of maintaining the same level of services approved by ACERA’s Board of Retirement in the 2020 budget. To that end, the 2021 baseline budget is \$21.2 million, a decrease of 0.9% under the approved 2020 budget.
2. Key to developing the 2021 proposed budget was more accurately estimating the forecast by including only incremental expenditures needed to achieve business objectives. But more importantly, it was setting assumptions that guided and prioritized expenditures, yet achieved the following objectives: a) allowed the necessary vacant staff positions to be filled; b) funded projects that directly support strategic goals and business plan initiatives; and, c) funded new programs or projects mandated by state legislation, the Board of Retirement, or management. Following the agreed criteria resulted in a 2021 Proposed Budget of \$21.4 million which is \$27K or 0.1% over the approved 2020 budget.

<sup>1</sup> Rounding to tenths of millions may impact percentages. Percentages in this document are based on rounding to nearest dollar, as is done in the budget document.

# Operating Expense Budget

---

The purpose of the annual Operating Expense Budget (OEB) is to forecast and document the necessary resources required to meet ACERA's operating expenses. The OEB provides detailed estimates of anticipated annual expenditures for staffing, staff development, professional fees, office expenses, insurance, member services, systems, board of retirement expenses, uncollectible benefit payments, and capital costs and is contingent on approval by ACERA's Board of Retirement. The OEB does not include estimated expenditures for payment of portfolio management investment expenses reported in Section VIII or payment of member benefits such as pension and Other Post-Employment Benefits (OPEB). Lastly, the OEB functions as a tool for decision making and is a means to monitor business performance.

The annual approved OEB is derived from a baseline budgeting methodology; whereby, current spending levels are rolled into a "baseline". The overarching assumption of baseline budgeting is that it uses current spending levels as the baseline for establishing future funding requirements. Further, it assumes the future budget will equal the current budget—plus established growth, inflation, increase adjustments, and new expenditures.

The following is a review of the 2021 budget assumptions for each major expense category and the corresponding results:

### Staffing and Salary Assumptions

- Merit increase average of 4% per department, for eligible/selected deep class employees;
- Cost of living allowance and associated fringe benefit increase of 3.25%;
- Filling all current vacancies with:
  - Hire deep-class employees at 80% of the top range; and,
  - Hire step-class employees at an average Step 3.

*Result: Staffing expenses realized a 2.2% net increase compared to the 2020 Budget; and a 10.8% net increase compared to the 2020 forecast.*

### Staff Development Assumptions

- Staff development expenses were capped to no increase over 2020 budget; and,
- Professional dues and subscriptions were capped to no increase over 2020 forecast.

*Result: Staff development realized a (43.2%) net decrease compared to the 2020 budget; and a (18.5%) net decrease compared to the 2020 forecast. The decrease is due to a deliberate 70% deferral of travel-related expenses to the contingency budget.*

### Professional Fees Assumptions

- Actuarial Fees—Funding and SRBR valuations, GASB 67/68 and GASB 74/75 valuations, and reporting requirement for ASOP #51 were fixed to service agreement contracts, other actuarial consulting services were estimated at contracted hourly rate;
- Auditor Fees—Annual audit, GASB 67/68 and GASB 74/75 schedules were fixed to service agreement contracts, other auditing services were estimated at contracted hourly rate; and,

- Other Consultant Fees—Known consulting services (i.e., Benefits, Legal, and Human Resources) were fixed to service agreement contracts, other consulting services were calculated using estimates.

*Result: Professional fee expenses realized a (7.2%) net decrease compared to the 2020 budget; and a (17.1%) net decrease compared to the 2020 forecast.*

#### **Office Expenses Assumptions**

- Banking expenses would experience no increase over the 2020 budget;
- Miscellaneous Administrative expenses would experience no increase over the 2020 budget;
- Building Operation expenses would experience a 5% increase over the 2020 budget;
- Communication expenses would experience a 53% increase over the 2020 budget;
- Equipment Lease and Maintenance expenses would experience a 12% increase over the 2020 budget;
- Minor Furniture and Equipment expenses would experience no increase over the 2020 budget;
- Office supplies and Maintenance expenses would experience no increase over the 2020 budget; and,
- Printing and Postage expenses would experience no increase over the 2020 budget.

*Result: Office expenses realized a 8.1% net increase compared to the 2020 budget; and a 5.5% net increase compared to the 2020 forecast.*

#### **Insurance Assumption**

- The 2021 commercial insurance expense would realize a 10% increase over the 2020 budget; and,
- The Alameda County risk insurance expense would realize a (24%) decrease over the 2020 budget.

*Result: Insurance expenses (in aggregate) realized a (42%) net decrease compared to the 2020 budget; and a (4.7%) net decrease compared to the 2020 forecast.*

#### **Member Services Assumptions**

- Benefit Verification expenses would experience a 20% increase over the 2020 budget;
- Disability Arbitration and Transcript expenses would experience a (20%) decrease over the 2020 budget;
- Disability Medical expenses would experience a (41.4%) decrease over the 2020 budget;
- Health Reimbursement Accounts (HRA) expense would experience no increase over the 2020 budget;
- Member Training & Education expense would experience no increase over the 2020 budget; and,
- Printing and Postage expense would experience no increase over the 2020 budget.

*Result: Member Services expenses realized a (12.0%) net decrease compared to the 2020 budget; and a (12.0%) net decrease compared to the 2020 forecast.*

#### **Systems Assumptions**

- Business Continuity expense would experience an 18% increase over the 2020 budget;
- County Data Processing expense would experience a 1% increase over the 2020 budget;
- Minor Computer Hardware expenses would realize a (9%) decrease over the 2020 budget; and,
- Software License and Maintenance expenses would realize a 6% increase over the 2020 budget.

*Result: Systems expenses realized a 6.6% net increase compared to the 2020 budget; and a 6.7% increase compared to the 2020 forecast.*

### **Board of Retirement Assumptions**

- Board Conference and Miscellaneous Activity expense would realize a 2% increase over the 2020 budget.

*Result: Board of Retirement expenses realized a 2.3% net increase compared to the 2020 budget; and a 15.6% increase compared to the 2020 forecast.*

### **Uncollectible Benefit Payments Assumption**

- Uncollectible Benefit Payment expense would realize a 209% increase over the 2020 budget.

*Result: Uncollectible Benefit Payments expenses realized a 209.1% increase compared to the 2020 budget; and a 223.8% increase compared to the 2020 forecast.*

### **Depreciation Assumption**

- Depreciation expense would realize a (4%) decrease over the 2020 budget.

*Result: Depreciation expense realized a (4.1%) net decrease compared to the 2020 budget; and a (1.7%) decrease compared to the 2020 forecast.*

## **APPROVED 2021 BUDGET SUMMARY AND COMPARISON**

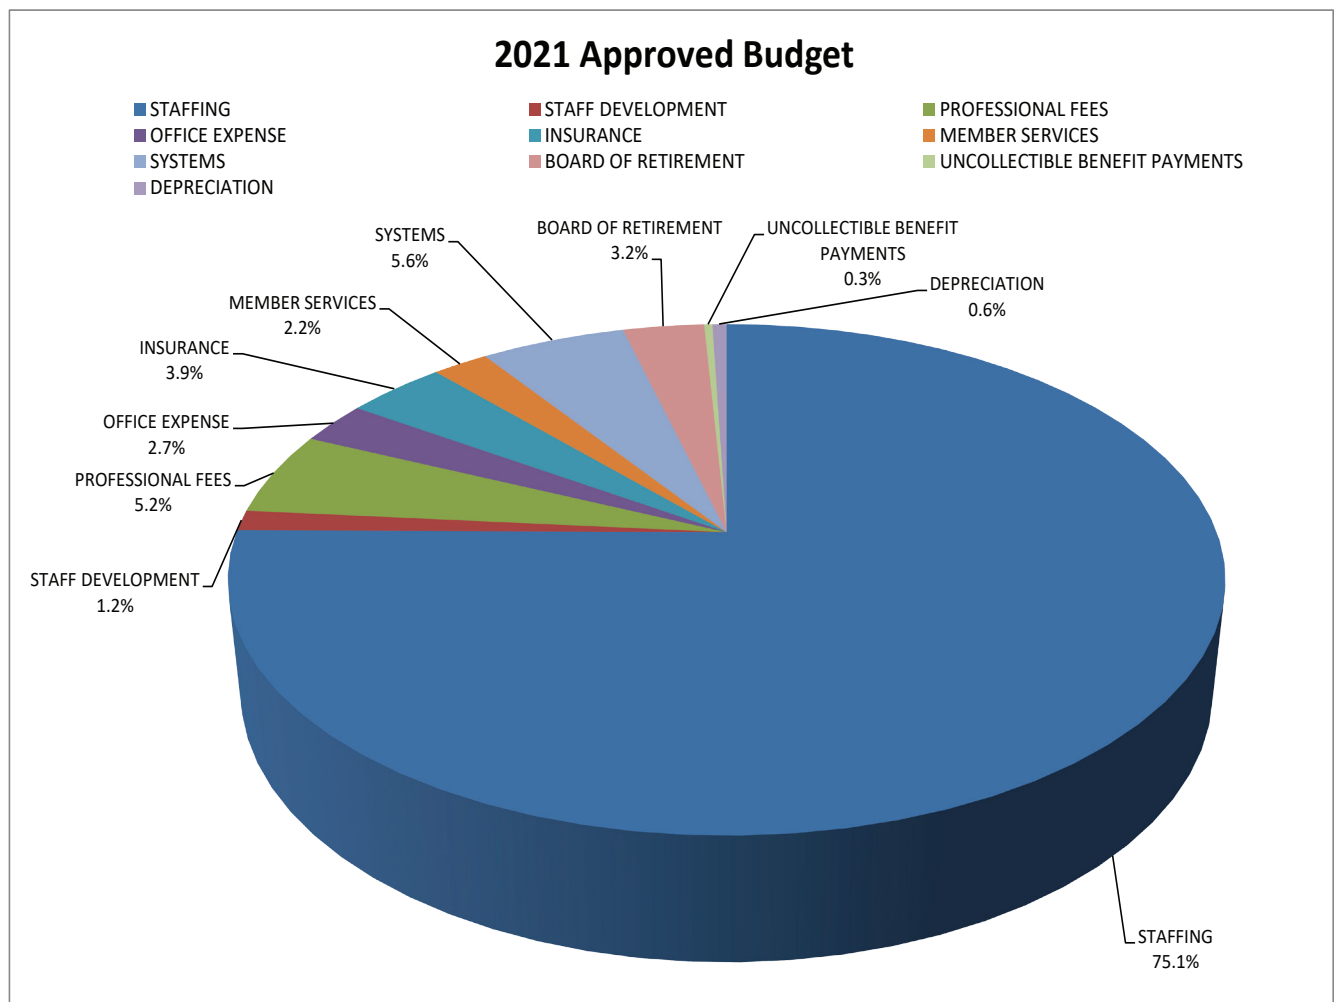

Staff recommends a approved 2021 budget of \$21.4 million which is:

- \$0.027 million or 0.1% greater than the approved 2020 budget of \$21.4 million;
- \$0.2 million or 1% greater than the 2021 baseline budget of \$21.2 million; and,
- \$1.4 million or 7% greater than the 2020 forecast of \$20.0 million.

The 2021 administrative budget of \$13.2 million is \$9.9 million under the administrative cap of \$23.1 million. A year-over-year comparison reveals that the 2021 administrative budget of \$13.2 million is \$0.1 million higher than the 2020 administrative budget of \$13.1 million. Approximately \$8.2 million was excluded for the annual operating expense budget of \$21.4 million (see Section VI for administrative budget and allocation schedules).

## UNCOLLECTIBLE BENEFIT PAYMENTS (p.#19)

After the adoption of the discharge of uncollectible accounts receivable policy and Board of Retirement authorization, the annual uncollectible accounts receivable balance to be discharged is approximately \$68,000. This balance is comprised of benefit overpayments healthcare premium, payroll deductions, and taxes. Discharges of uncollectible balances normally include one year's worth of transactions, after passage of a four-year period from which collection efforts have been exhausted and the receivable has been declared uncollectible.

## Section VI :

# Administrative Budget

The Administrative Budget incorporates the limits of Section 31580.2 of the County Employees Act of 1937; whereby administrative expenses are “capped” at 0.21% of actuarially accrued liabilities. Pursuant to the relevant code sections, certain costs are excluded from the expense cap. Excluded costs include those associated with actuarial fees, business continuity planning (BCP), investments, legal, SRBR, and technology. Excludable expenses also include a pro rata portion of overhead expense attributable to excludable activities. In the 2021 administrative budget, ACERA is \$9.9 million under the cap limit of \$23.0 million.

## 2021 Approved Budget Contingency Fund [\(p.#19\)](#)

### Contingency Reserve for Conference and Training Travel-Related Expenses - \$208,000

These reserve funds are travel-related expenses associated with attending conferences and trainings. Approximately 70% the Staff Development budget line expense is travel-related conference and training expenses. The senior leadership team has agreed to place this funding into a contingency reserve instead of including it in the Staff Development budget line expense. If travel-related conference and training attendance resumes, the Fiscal Services Officer can redirect the contingency appropriation back to the operating expense budget.

### Contingency Reserve for Litigation - \$50,000

These reserve funds are for anticipated personnel litigation expenses. If there is a need for litigation defense, the Fiscal Services Officer can redirect the contingency appropriation back to the operating expense budget.
