For the Year Ended December 31
2016

# Popular Annual Financial Report

A Pension Trust Fund of the County of Alameda Oakland, CA

# The Popular Annual Financial Report (PAFR) is a summary of the Comprehensive Annual Financial Report (CAFR) for the year ended

**December 31, 2016** 

The financial data in the PAFR derive from the more detailed CAFR. Both are consistent with generally accepted accounting principles and guidelines established by the Governmental Accounting Standards Board. You can find both the CAFR and the PAFR online at www.acera.org/cafr.

# Serving You

OUR MISSION AT ACERA is to provide members and employers with flexible, cost-effective, participant-oriented benefits through prudent investment management and superior member services. We've been doing this since our establishment in 1947 under the County Employees Retirement Law of 1937 (CERL). ACERA is one of the few county retirement organizations that has adopted Article 5.5 of the CERL. This means that our members also receive non-guaranteed benefits such as healthcare.

Our dedicated and diverse team at ACERA uses its expertise to provide these benefits to you, our members. On the following pages you can see some of the ways we've improved our service in 2016.

Message from the Chief Executive Officer, David Nelsen

Dear ACERA Members,

THIS REPORT GIVES YOU a brief picture of the performance of your pension fund this past year and over time. We've accomplished a lot administratively and our investments have performed solidly. ACERA's fund continued growing in 2016. The value of ACERA's net position increased by \$325 million to \$6.97 billion as of December 31, 2016, which, is the highest market value the fund has ever experienced. This growth represented a 7.4% (gross) rate of return. Even with this solid performance, it's good to remember that our returns may go up and down from year to year, and it's our long term average earnings that drive the funding of your pension benefits. We take a prudent and long-term approach toward investments and don't make rash decisions. We establish a long-term investment strategy and track its success so we can make changes as needed. We'd love for you to learn more about our approach on our investments web page, www.acera.org/investments.

Administratively, we worked on consistently providing superior member services, while taking steps to be increasingly cost effective. It has been a productive year, and we are excited to continue serving you in 2017 and beyond.

Sincerely,

David Nelsen,

**Chief Executive Officer** 

# Strengthening ACERA

## **Accomplishment Highlights**

**DEVELOPED CORE VALUES** As part of ongoing organizational development, ACERA's entire staff was given the opportunity to develop a set of ACERA Core Values: Trust, Respect, Accountability & Commitment, Innovation, and Integrity.

INCREASED PASSIVE INVESTMENTS | In order to minimize fees (the cost of investing) and continue to maximize potential returns, ACERA increased the target passive portion of the portfolio from 14.2% to 24.8%. Passive investments follow broad indexes (like the S&P 500) rather than being actively managed.

**REDUCED PAPER CONSUMPTION** ACERA transitioned 5,500+ retirees to electronic benefit pay stubs, saving \$3,900 and 2 trees per month.

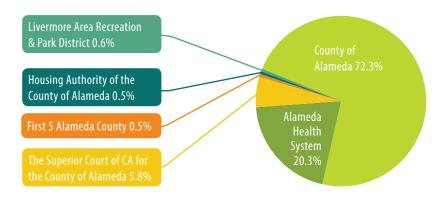

ACERA ALSO... made \$142.5 million in commitments to new Private Equity and Alternatives investments; embarked on a project-based approach to improve delivery of member services using performance management; launched a pioneering onboarding program to ensure a warm welcome and efficient start for new ACERA staff; hired a disability claims management firm to streamline members' disability applications; and much more at www.acera.org/cafr.

ACERA's members are current and former employees of six participating employers who collectively share the risks of supporting a multi-employer, cost sharing, defined benefit retirement plan. More at www.acera.org/about.

ACERA's net position increased by \$325 million in 2016

# ACERA Financial Highlights

The funding sources that finance the retirement benefits are member contributions, employer contributions, and investment income. ACERA's assets are primarily used for the payment of benefits to members and their beneficiaries, the refund of contributions to terminated employees, and the cost of administering the retirement system. More at www.acera.org/cafr.

## **Pension Plan Funding Status**

ACERA hires an independent actuary to conduct annual valuations of pension assets and expenses. The actuarial values are compared to determine the annual contribution rates that ACERA's members and employers are required to pay to meet pension obligations. You may notice that the actuarial value of assets and the net position differ; this is because gains and losses are mathematically "smoothed" over a 5 year period. This minimizes the effect of market volatility on contribution rates. Participating employers contributed 100% of the annual required contributions to the pension plan, which include additional contributions so ACERA can re-achieve 100% funding over time.

| Actuarial Values and Funded Ratio           |                                 |  |  |   |  |  |  |

# Non-Guaranteed Benefits and the Supplemental **Retirees Benefits Reserve** (SRBR)

# **Non-Guaranteed Benefits Currently Offered** Monthly Medical Allowance (MMA) **Dental Coverage Subsidy** Vision Coverage Subsidy Medicare Part B Reimbursement Plan Supplemental COLA Implicit Subsidy (Paid to County)

ACERA's non-guaranteed (non-vested) benefits are subject to available funds in ACERA's Supplemental Retirees Benefits Reserve (SRBR). The SRBR receives regular interest earnings and half of any annual interest income above our 7.6% annual projection. Each year, our actuary projects how many years the SRBR will last at current benefit levels. ACERA aims to keep the SRBR above a projected 15-year sustainability level. The Board of Retirement may change or end non-guaranteed benefits to meet this goal. Below is the projection made for each of the last 10 years. More at www.acera.org/srbr.

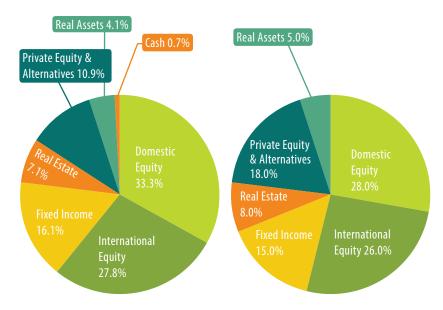

### **Investment Performance**
