

WELCOME TO ACERA MEMBERSHIP

If you were hired into a position that provides pension benefits, you're automatically enrolled in ACERA. We manage pension benefits for Alameda County, Alameda Health System, Alameda County Superior Court, Housing Authority of the County of Alameda, First 5 Alameda County, and LARPD. As an ACERA member, you're part of a program designed to help you achieve a secure future, earning retirement benefits you can count on.

How Does Your Pension Work?

Employee Contributions

A portion of your wages is automatically deferred from each paycheck as your employee contribution to ACERA. This reduces your current income tax liability, because this portion of your wages won't be taxed now, so you'll pay less income taxes during your career.

Funding

In addition to your contributions, your pension benefit is funded by your employer's contributions, as well as earnings generated from investing the funds in a diverse portfolio.

Lifetime Pension Payment

Upon retirement, you receive a monthly pension payment for life, calculated based on your years of service, average salary, and retirement age—the higher those numbers, the higher your monthly payment.

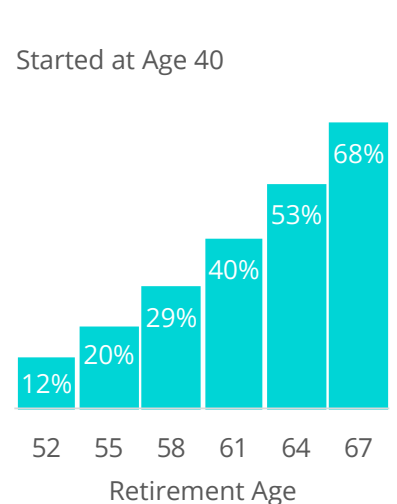

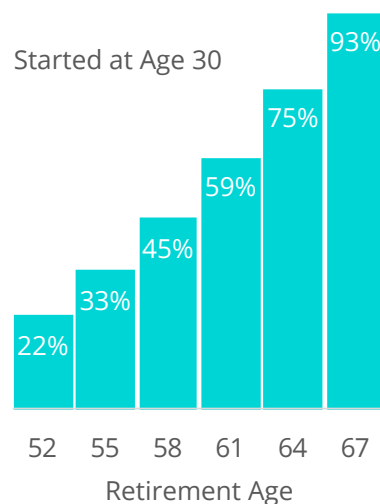

How Much Will Your Lifetime Pension Be?

The percentage of your working salary that your pension will replace depends on your age and how many years of service you've completed at retirement. See the examples to the right, then visit the page below to explore your individual retirement scenario:

ACERA Membership Has Amazing Advantages

In addition to the promise of a lifetime monthly pension, ACERA offers many advantages:

Predictability

Whether retirement is 1, 10, or 30 years away, you can estimate your benefit in advance and develop a budget and plans for life in retirement.

acera.org/estimate

Reduced Investment Risk and Professional Management

Members' contributions are pooled together and invested. This increases efficiency, reduces fees, lowers risk, and diversifies investments. Investments are managed by professional staff, so you don't bear the burden of investment decisions.

acera.org/investments

Inflation Protection

ACERA's pension offers annual cost-of-living increases to offset the loss of purchasing power due to inflation.

Survivor Benefits

Several death benefit options exist for qualified beneficiaries both while you are employed and while in retirement. Options may include a lifetime continuance for your beneficiary.
