Good afternoon,  
Hope everyone had a great weekend! Per Eric Stern, SACRS Legislative Committee Chair, the next legislative report will be a December/January version to highlight the new laws that go into effect Jan. 1 (just a few key ones that actually require systems to change practices), and the outcome of our proposed legislation from the SACRS conference, plus a big picture look ahead for the 2026 legislative session.

It will be available prior to everyone takes off for holiday vacations.

Thank you,
